

**P0097.A2**

### Material

Stainless steel (AISI 303, 1.4305).  
Ultrasonically cleaned.

To DIN 125A (with vent). Coatings available: silver, gold, nickel and others.

Vented flat washers are key components in helping to eliminate virtual leaks from high vacuum (HV and UHV) systems. They prevent gases being trapped beneath a fastener head along the screw shaft.

### Technical notes

### Tips
